

MINUTES OF THE MEETING OF THE BOARD OF TRUSTEES OF STATE INSTITUTIONS OF HIGHER LEARNING

May 19, 1994

BE IT REMEMBERED, That the Board of Trustees of State Institutions of Higher Learning of the State of Mississippi met in regular session at the Board Office in Jackson, Mississippi, on May 19, 1994, at 8:30 a.m., and pursuant to notice in writing mailed by certified letter with return receipt requested on May 6, 1994, to each and every member of said Board, said date being at least five days prior to this May 19, 1994, meeting. At the above named place there were present the following members to wit: Ms. Nan McGahey Baker, Mr. William Sterling Crawford, Mr. Frank Crosthwait, Ms. Ricki R. Garrett, Mr. Will A. Hickman, Mr. J. Marlin Ivey, Mr. James W. Luvene, Ms. Diane Martin Miller, Mr. J. P. "Jake" Mills, Mr. Carl Nicholson, Jr., Dr. Cass Pennington and Mr. Sidney L. Rushing. The meeting was called to order by Ms. Miller and opened with prayer by Dr. Walter Washington.

APPROVAL OF THE MINUTES

On motion by Mr. Ivey, seconded by Mr. Crawford, and unanimously passed, it was

RESOLVED, That the Minutes of the meeting held on April 21, 1994, stand approved.

UNANIMOUS CONSENT (UC)

On motion by Mr. Hickman, seconded by Mr. Rushing, and unanimously passed, it was

RESOLVED, That consent to be considered is granted to all items not previously placed on the agenda and hereinafter reported.

STATEMENTS BY PRESIDENT DIANE MILLER

Ms. Miller made the following requests:

1. A recycling program for cans and paper be implemented for the Education and Research Center Complex.
2. The Education and Research Center Complex shall be designated as "smoke free."
3. The Commissioner be encouraged and responsible for coordinating projects involving the Institutions of Higher Learning, State Board for Junior and Community Colleges, and the Department of Education.
4. The Commissioner make monthly progress reports on the implementation of the new admissions policy and developmental studies program, slated for start-up in 1995. On behalf of the Board, Ms. Miller asked the institutions to fully cooperate in the implementation.
5. The presidents be mindful of the goals set forth in the "Planning Document" in their conduct of business during the next year.

ANNOUNCEMENT BY MS. RICKI GARRETT

Ms. Garrett announced that the EdNet signal had been activated. A new informational brochure on EdNet has been published and is shown in the "Board Meeting Agenda, Working File, May 19, 1994," on file in the Board office.

**MINUTES OF THE MEETING OF THE BOARD OF TRUSTEES OF
STATE INSTITUTIONS OF HIGHER LEARNING**

May 19, 1994

COMMEMORATION OF BOARD'S 50TH YEAR

On motion by Mr. Hickman, seconded by Mr. Crosthwait, and unanimously passed, it was

RESOLVED, That the Board hereby approves the following statement for entry into the official minutes in commemoration on May 8, 1994, of the Board of Trustees' 50th year as a governing board; and further, by request from Board member Frank Crosthwait, that this Board honor individual Board members serving since 1944 by entry of their names into the record.

(Statement by Commissioner Ray Cleere)

"On May 8, 1994, the Board of Trustees of State Institutions of Higher Learning celebrated its 50th year as a governing board of the eight state-supported universities. The Mississippi Constitution was amended in 1943 to create a Board of Trustees to direct, manage, and control the operations of the state-supported institutions of higher learning. In 1944, the Board of Trustees had a budget of \$830,000. Today, the system of eight universities has an operating budget of over \$1 billion.

At its first meeting held on May 18, 1944, Governor Thomas L. Bailey stated that "the creation of a constitutional Board marked a new day for education in Mississippi," and assured members that he would "tolerate no interference with education by politics." After Governor Bailey's remarks, each member pledged his or her best efforts in the interest of the young men and women of the state. This Board joins those Board members of years' past in continuing to fulfill that pledge.

Today, we commemorate the Board of Trustees' 50th year and recognize the contributions of the eight state-supported universities in their corporate commitment to higher education in Mississippi."

SOURCE: Compiled August, 1993 by the Board of Trustees of State Institutions of Higher Learning from: Board files; Register of Commissions, Office of Secretary of State; and Register of Commissions, Library Division, Mississippi Department of Archives and History.

* The La Bauve Trustee was an additional trustee appointed by the Governor for the University of Mississippi who voted only in matters pertaining to the University. By statute, this trustee had to be a resident of DeSoto County and was appointed to serve for a term of four years to commence from the date of appointment. Section 37-101-3, Mississippi Code of 1972, Ann.

The La Bauve Trustee appointment to the Board was removed from the Constitution on December 4, 1987 and from the statute by Laws of the General Session, 1988, Chapter 426.

ADMINISTRATION/POLICY

Presented by Dr. W. Ray Cleere, Commissioner of Higher Education

On motion by Ms. Baker, seconded by Mr. Crawford, and unanimously passed, it was

RESOLVED, That the Board hereby approves the following report on Administration/Policy.

Delta State University

1. Approved changes in administrative responsibilities effective July 1, 1994, as follows:
 1. Move personnel from the Vice President for Business Affairs to the Vice President for University Advancement.
 2. Move the Police Department from the Vice President for Student Affairs to the Vice President for University Advancement.
 3. Move Institutional Research & Planning from the Dean of the School of Graduate Studies & Research under the Vice President for Academic Affairs to the Vice President for University Advancement.
 4. Change the name, Dean of the School of Graduate Studies & Research to Dean of the School of Graduate Studies and Continuing Education.
2. **Information Item:** The annual **DELTA COUNCIL DAY** sponsored by Delta Council of Stoneville will be Friday, May 20, 1994, in the Walter Sillers Coliseum at Delta State University. The keynote address will be delivered by the Honorable Mike Espy, Secretary of Agriculture. Other events for the day include the traditional catfish fry on the quadrangle at noon and an all-cotton fashion show. Board members, Board Office staff, and their spouses are cordially invited to attend.

System Administration

3. Approved Full Accreditation for Bachelor of Science in Nursing Degree Program, William Carey College, Hattiesburg and Gulfport Campuses. This approval was based on review of the Progress Report and recommendation of the Accreditation Review Committee. The next site visit will be conducted in conjunction with the National League for Nursing site visit as prescribed in Accreditation Standards and Rules and Regulations for Mississippi Nursing Degree Programs, revised July 1, 1993, I. General Requirements, Section D, page 3.
4. Approved a Resolution, attached as **EXHIBIT 1**, commending Ms. Janice Felder, Star Basketball Player for the Lady Eagles, University of Southern Mississippi, for her outstanding athletic accomplishments during her four years at USM.
5. Approved the dates and locations of the 1994-1995 Board meetings as follows:

6. Approved a Resolution, attached as **EXHIBIT 2**, commending Dr. H. Ray Hoops, Vice Chancellor for Academic Affairs, University of Mississippi, for his valuable service to the Board of Trustees, Institutions of Higher Learning and the State of Mississippi.
7. Approved Mississippi SPRE Review Standards, shown as **EXHIBIT 3**, unanimously recommended by the MS SPRE Task Force members attending the last meeting on May 9, 1994, and presented to the Board of Trustees of State Institutions of Higher Learning for review. The MS SPRE Task Force is composed of individuals appointed by the governor who are from all sectors of postsecondary education in Mississippi. The next steps for the MS SPRE are to make the standards broadly available to the general public for written comment, in compliance with the Administrative Procedures Act of Mississippi, and to send the standards to the Secretary of the U.S. Department of Education for approval. **UNANIMOUS CONSENT**
8. Received Board President Diane Miller's 1994-95 Committee Appointments. **UNANIMOUS CONSENT.**

INSTRUCTION/STUDENTS

Presented by Dr. Charles Pickett
Associate Commissioner for Academic Affairs

On motion by Mr. Ivey, seconded by Mr. Hickman, unanimously passed, it was

RESOLVED, That the Board hereby approves Item #21 as reported in "Instruction and Students," as "Request Permission to Award Degrees," for the University of Mississippi Medical Center; and, on the recommendation of the Associate Commissioner for Academic Affairs, defers action until the June, 1994, Board meeting on the remaining 21 items relating to academic programs until hearings are held with the institutions and IHL staff recommendations are made.

Alcorn State University

1. Deferred request for new academic program--B.A. in General Studies (24.0101). This General Studies curriculum is designed for the student wishing a broader education an opportunity to pursue diversified study in a variety of areas without the more intensive work in a single major field, thus expanding the breadth of education over the entire four years. This program is designed for mature and working students such a military and industrial personnel seeking this interdisciplinary degree. Existing faculty from education, English, social sciences, biology, chemistry, science, business and humanities will be used to support this program. Existing facilities will also be used. This program will be offered on the main campus and at the Natchez

**MINUTES OF THE MEETING OF THE BOARD OF TRUSTEES OF
STATE INSTITUTIONS OF HIGHER LEARNING**

May 19, 1994

center, serving students in business, industry and governmental agencies.
UNANIMOUS CONSENT

2. Deferred request for new academic program--Master of Science Degree in Nursing (51.1699). Alcorn State University School of Nursing proposes the offering of a Master of Science Degree in Nursing beginning January, 1995. A Master of Science Degree in Nursing will prepare nurses who can coordinate services, make independent decisions regarding primary health care needs and referrals, and function as leaders in the development and management of organizations that meet health care needs. It will also prepare nurses for faculty positions, thus contributing toward relieving the shortage of nursing faculty in Mississippi which is currently limiting the number of possible student admissions. Funds are available for three to four years planning and implementation grants from the United States Department of Health and Human Services and the W.K. Kellogg Foundation of Battle Creek Michigan. **UNANIMOUS CONSENT**

Delta State University

3. Deferred request for new academic program--MSN., Master of Science in Nursing (51.1699). This request is submitted because of the tremendous need in the Delta region for Master's level nurses and the desire by the legislation to establish such a program with additional line item funding. **UNANIMOUS CONSENT**
4. Deferred request for new academic program--MPA, Master of Professional Accountancy (52.0301) In accordance with the requirements of House Bill No.778 which changed the eligibility requirements for taking the Uniform Certified Public Accountants Examination. In addition to the changes in the eligibility requirements for the examination, accounting graduates seeking employment in surrounding states are subject to a requirement of an additional 20 hours beyond the bachelor's degree. The Master of Professional Accountancy degree is designed for individuals who desire in-dept study within the field of accountancy. It offers advanced study for individuals engaged in or seeking careers in public accounting, industry, and government. **UNANIMOUS CONSENT**

Jackson State University

5. Deferred request for new academic programs: (1) Graduate Program--PH.D. in Clinical Psychology (CIP: 42.0201); Undergraduate Program--B.S. in Child Care and Family Education (CIP: 13.9999).
6. Deferred request for new academic program: Ph.D. in Clinical Psychology, CIP 42.0201.
7. Deferred request to offer a new academic program: B.S. degree in Child Care and Family Education, CIP 13.9999.
8. Deferred request to substitute a B.A. Degree in Foreign Languages (CIP 16.0101) for the existing B.A. Degree in Spanish (CIP 16.0905). The degree of Bachelor of Arts in Foreign Languages is an effort to increase the number of students majoring in foreign languages as well as fulfillment of the needs of the contemporary student and the concerns of today's world. The student who graduates from this program will have proficiency in a principal language as well as a second language. This major will require 30 hours beyond the first year in the principal language and 18 hours beyond the first year in the second language. With the alternate route to teacher certification, this program will also increase the number of teachers of foreign languages in response to demands from the State Department of Education.
9. Deferred request to establish a School of Social Work. The School of Social Work will include both the MSW and BSW programs. The BSW program is already

**MINUTES OF THE MEETING OF THE BOARD OF TRUSTEES OF
STATE INSTITUTIONS OF HIGHER LEARNING**

May 19, 1994

established and accredited through the year 2000. The MSW program will develop advanced social work professionals equipped with specialized knowledge, values and skills to contribute to economic development and self-sufficiency by responding to a multitude of social problems. The establishment of a School of Social Work is necessary to ensure candidacy (preaccredited status), implementation of the Master of Social Work Degree program, and initial accreditation of the graduate program. The establishment of a School of Social Work will enable Jackson State University to provide the administrative structure and governance, through the Dean as its administrative leader, to ensure appropriate social work education at both the graduate and undergraduate levels. By meeting accreditation standards, the School of Social Work will attest to the public that graduates will have completed a soundly designed instructional program taught by competent faculty in an institution of higher learning which merits public confidence.

Mississippi State University

10. Deferred request to establish a Doctor of Philosophy in Biochemistry and Molecular Biology (26.0402); and Master of Fine Arts in Electronic Visualization (50.0799).

The Biochemistry program will benefit the agricultural mission of the University because of the unique nature of research conducted in the department. A Ph.D. program would only strengthen this effort because of the retention of students for longer periods of time. The students would also receive more in-dept training. This program would not conflict with the other Ph.D. program in biochemistry in the state. It is located at the Medical Center and has a completely different mission. This program will enhance economic development in the area of agriculture and should greatly assist in the development of new industry in the state.

Electronic Visualization--MSU has the opportunity to create a unique and valuable graduate program in electronic visualization, computer animation, virtual reality, computer graphic design, electronic publishing, set design, and multimedia, all of which are currently in high demand and for which demand is increasing at a geometric rate. Graduates will be able to obtain high-paying jobs in Mississippi and elsewhere. The program will aid existing Mississippi businesses and industries and will attract new business and industry to the state. **UNANIMOUS CONSENT**

Mississippi University for Women

11. Deferred request to change the name of the B.S. degree in Physical Education (CIP 13.1314) to the B.S. degree in Kinesiology (CIP 31.0501). The content of the degree will not be affected. The IHL Board approved the change of the name of the division from Health, Physical Education and Recreation to Health and Kinesiology on July 16, 1992. This specialized body of knowledge may be applied in teaching or non-teaching fields.
12. Deferred request for new academic program--Master of Science in Physical Therapy (CIP 51.2308). This program would prepare students to provide services to a wide range of patients, including amputees, victims of head injury, arthritics, individuals with low back pain, and patients who suffer from multiple sclerosis, cerebral palsy, nervous disorders, and cardiovascular disease. MUW has already conducted a feasibility study of this program, using a consultant from Duke University. There is no master-s-level physical therapy degree in Mississippi. A major medical center is interested in helping to underwrite the cost of the program. MUW will be able to deliver the program in part over Mississippi Fibernet 2000 network, providing maximum flexibility for course delivery. **UNANIMOUS CONSENT**
13. Deferred request for new academic program--Master of Science in Speech-Language Pathology (CIP 51.0203). Mississippi University for Women requests reinstatement of the Master's degree in speech-language pathology. Practitioners in Mississippi in

**MINUTES OF THE MEETING OF THE BOARD OF TRUSTEES OF
STATE INSTITUTIONS OF HIGHER LEARNING**

May 19, 1994

this field are required to have a master's degree. This program includes course, work, observations and practice, and is designed to develop skills in assessment and rehabilitation. The program would utilize the excellent clinical facility at MUW (Speech and Hearing Center) and appropriate off-campus sites. MUW will provide delivery of this program through Mississippi Fibernet 2000 and evening/weekend classes, which will make the program accessible to part-time and non-traditional students. **UNANIMOUS CONSENT**

Mississippi Valley State University

14. Deferred request to change the name of the Department of English and Speech Communication to the Department of English and Foreign Languages. This proposed name change takes into account that the University was approved to establish a Department of Mass Communications in January of 1994. The Mass Communications Department will now incorporate the Speech Communication function currently housed within the English function. With the Speech Communication function going to the new department, the name Department of English and Foreign Language reflects more appropriately the functions remaining in the older departments.
15. Deferred request to offer a B.S. Degree in Chemistry (CIP 40.0501). It would meet a student demand for the program and serve as a complement to the B.S. in Biology and the B.S. in Environmental Health. Chemistry as an undergraduate degree would serve as a lead to the many professional graduate programs to which MVSU students aspire. **UNANIMOUS CONSENT**
16. Deferred request to offer a B.S. Degree in Electrical Engineering (CIP 14.1001). The program in Electrical Engineering would serve to build upon and enhance a course of offering inherent in the institution's original mission. Survey data collected from students indicate a need for the program. Space is available for the development of the program, **UNANIMOUS CONSENT**
17. Deferred request to reinstate M.S. Degree in Elementary Education (CIP 13.1202). The student population for the program in the Delta region is well established. Also, teacher education programs at the University and a cooperative relationship with the public schools are a major part of the University's original and current mission. **UNANIMOUS CONSENT**

University of Mississippi

18. Deferred request to change title of degree program from Bachelor of Science in Pharmacy degree program, with a major in Pharmacy (CIP 51.2001), to a Bachelor of Science in Pharmaceutical Sciences degree program, with a major in Pharmaceutical Sciences (CIP 51.2001). As the titles indicate, the Bachelor of Science in Pharmaceutical Sciences will remain a baccalaureate program. It will be the bachelor's program for those students wishing to have such a degree once the Doctor of Pharmacy degree becomes the entry level professional degree. Students completing the new Bachelor of Science in Pharmaceutical Sciences degree will not be eligible to become licensed pharmacists but may go into industry, graduate school, or other professional degree programs. The changes described should allow the University of Mississippi to provide graduates who are better prepared to meet the needs of society and the health care industry, particularly within the state of Mississippi.
19. Deferred request for new academic program to combine personnel and resources from the Department of Home Economics and National Food Service Management Institute and begin offering a Master of Science Degree, with a major in Food and Nutrition Services (CIP 19.0502). This new degree program would allow for two emphases--one in child

**MINUTES OF THE MEETING OF THE BOARD OF TRUSTEES OF
STATE INSTITUTIONS OF HIGHER LEARNING**

May 19, 1994

nutrition and one in food nutrition services management. This degree program would train numerous students in these important areas so that these students might provide better service to the various districts in which they serve.

20. Deferred request to offer a graduate program leading to the Doctor of Philosophy Degree with a major in Nursing (CIP 51.1608). The purpose of this program is to prepare nurse scientists who will generate nursing knowledge in the areas of environment, culture, health, caring, health care delivery system, and nursing administration or nursing education. Personnel from the Medical Center have already prepared supporting information, which is now available.

University of Mississippi Medical Center

21. Approved 393 degrees to be conferred on May 28, 1994, as shown in the bound "Board Meeting Agenda, Working File, May 19, 1994," on file in the Board office, along with the name and number of degrees conferred. List of candidates is included in the working file.

University of Southern Mississippi

22. Deferred request for new academic programs. **UNANIMOUS CONSENT**

1. Ph.D. in Nutrition and Food Systems (19.0501)

The Doctorate in Nutrition and Food Systems is designed to build on the existing Master of Science Degree programs in Nutrition and Food Service Management and to capitalize on the educational opportunities available through the USDA-funded National Food Service Management Institute housed at USM. The proposed program would prepare graduates for roles in teaching and research in nutrition and food systems management at other colleges and universities.

2. Ph.D. in Nursing (51.1608)

A Ph.D. in Nursing prepares nurses to serve in positions such as dean/director of a school of nursing, faculty members in a school of nursing, nurse researcher, or chief executive nurse in a hospital/community health agency. With its research and administration emphasis, the Ph.D. in nursing is significantly different from a D.N.S., which is a clinical degree.

ATHLETICS

Presented by Dr. Ann Homer Cook
Associate Commissioner/Executive Secretary

On motion by Mr. Hickman, seconded by Ms. Baker, and unanimously passed, it was

RESOLVED, That the Board hereby approves the following report on Athletics:

1. Termination of Personnel

(Mississippi State University)

Steadman, Susan L.
Tucker, Robert M.

2. Information Item

(Delta State University)

The Statesmen Baseball Team won the Gulf South Conference Championship and will participate in the Regional Playoffs. For the first time ever the Men's Tennis Team won the Gulf South Conference title. Delta State University is extremely proud of these two teams and their accomplishments during the 1994 seasons.

3. Change of Status of Personnel
